Guests will also enjoy opportunities to speak with Veteran Caregivers and a silent auction. The night will begin with our guest speaker and founder

James S. "Jim" Hall enlisted in the Marines out of high school. His initial assignment was as a helicopter mechanic/crew chief before being commissioned as an infantry/artillery officer. Jim retired after 20 years of peacetime and combat service. Acutely aware of the growing need for mental health services, especially for veterans, Jim is working with other deacons in the diocese on a Veterans Mental Health Outreach in conjunction with the Association of Catholic Mental Health Ministers.

Dynamic speaker, fearless advocate and passionate about suicide and homelessness prevention in veteran families - the 5.5 million caregivers and 2.3 million children living in these veteran caregiving homes. Shawn Moore saw gaps in mental health support for these caregivers and their children and went to work founding COH. She speaks to national audiences - VA, SAMHSA, MSNBC, The Today Show, Assoc. of Suicide Prevention, KU and numerous conferences where her passion for caregivers shines through.

WHY SPONSOR

Read what our caregivers are saying:

"Thank you from the bottom of my heart for this new program for Tommy. At the beginning I was oh this will be fun he was open to it and I was excited. He started and like all teens he was nervous and back tracking maybe cause he was the only boy. He continued either way. He was excited to meet Liam. It was different they both were shy they didn't turn the cameras on the schedules were crazy. We tried to make it work. As we were getting ready to go to the retreat he was getting nervous. I started to feeling like oh what did I sign him up maybe this was bad idea. My son is going to hate me and never want to do this again. Well thanks to Stephanie she made him go with all the kids. He came back that night and said I am having a great time mom. These teens are going through the same things I already went through, he says knock on wood dad is doing good right now. For this I am beyond thankful that he found new friends that understand this caregiving journey and now he has a tribe. My heart is happy he is happy well a little sad because he now misses his tribe but he has one now. Thank you! He needed this he didn't know. I didn't either but this was amazing." - Homefront Hangout

"This weekend taught me that I cannot be there for everyone at 100 percent if I don't start being there for myself. I need to take time for my physical and mental health and be a better person from the inside to be a better person for those around me. I need to give myself love instead of only giving everyone around me love." - Caregiver

"I had such an amazing time at the restorative weekend! They reiterated tools I haven't used in awhile and also learned new tools. While it's never easy talking about my trauma, it was effortless with this group. They've shown me that I AM worth enough to take care of myself by working through my traumas and that I'm worthy enough for a tribe. There was so much love and support before we were at the retreat, helping to ensure I had care for my veteran when it was cancelled 6 days pre-vius. This was LIFE CHANGING for myself and my home. I'm forever grateful." - Caregiver
