

MILITARY READY

A NO-COST EDUCATION PROGRAM
FOR SERVICE MEMBERS

As part of our mission to Serve Those Who Serve®, Grantham University offers military members two complimentary online college courses to help them succeed both in and out of the armed forces.

PFM100 - PERSONAL FINANCE MANAGEMENT

Develop money management skills for your personal and professional life, including basic financial planning, asset management, credit and insurance. You'll apply these concepts to practical scenarios as you discover the best strategies to achieve your own financial goals.

CTL100 - CRITICAL THINKING FOR LEADERSHIP

Learn important critical thinking and analysis skills to apply directly to your role in the military. Course topics include obstacles to critical thinking, diagramming arguments, belief and doubt, logical fallacies, deductive and inductive reasoning, and analyzing scientific theories.

MANAGEABLE TIMEFRAME

Both of these online courses consist of eight modules and can be completed together or separately. Each course takes, on average, eight weeks to complete—the equivalent of one semester in college if taken one after the other. However, the courses are self-paced, so time to completion varies per individual.

SIX CREDITS AHEAD

Military Ready courses are three credit hours each and can be applied toward any one of Grantham's 50+ degree and certificate programs. Grantham also accepts prior college coursework, military and corporate training, and even life experience for college credit. In fact, up to 75% of an undergraduate program and 25% of a graduate program can be completed with transfer credit.

NO CHARGE, EASY TO REGISTER

The Military Ready program is free of charge for all future, current or former military members and their families.
